MEMORANDUM

TO: HON. WAYNE C. BOOTH, SUPERVISOR
TOWN BOARD MEMBERS

FROM: MARK C. TAYLOR, ATTORNEY FOR THE TOWN

RE: LOCAL LAW AMENDING CHAPTER 185 ENTITLED "ZONING" OF
THE CODE OF THE TOWN OF NEWBURGH:
OFF STREET PARKING OF COMMERCIAL VEHICLES
IN RESIDENTIAL DISTRICTS AND OF CAMPING TRAILERS
AND BOATS
OUR FILE NO. 800.1(B)() (2014); 800.1(B)(18)(2009)

DATE: JANUARY 28, 2014

In accordance with Supervisor Booth's and Deputy Supervisor Piaquadio's request, enclosed is a Local Law clarifying and modifying provisions of the Town Code pertaining to the off street parking of commercial vehicles in residential districts and of camping trailers and boats. The modifications contained in the Local Law will allow the outdoor parking of one commercial vehicle having a gross vehicle weight not more than 16,500 pounds on private lots in residential districts. The Local Law also clarifies existing, conflicting provisions regarding the storage of camping trailers and boats in residential districts, so that the their storage in front yards, so long as it is not within the required front yard setback, is unambiguously permitted..

The Local Law is primarily intended to address concerns with the parking of commercial vehicles on residential lots raised by residents during the hearing proceedings on the Home Occupations Local Law. I have attached a copy of that Local Law as well so that the Board may be reminded of its contents. It contains an amortization period for home occupation uses rendered non-conforming by the Local Law, including those which received a special permit from the ZBA, with a 2 year cap from the date the local law is enacted on the extension the ZBA can grant. A similar cap was recently an issue in litigation in which the Town was involved.

**INTRODUCTORY LOCAL LAW # 3 OF 2012
A LOCAL LAW AMENDING CHAPTER 185 ENTITLED
"ZONING"
OF THE CODE OF THE TOWN OF NEWBURGH TO ESTABLISH
SUPPLEMENTARY REGULATIONS APPLICABLE TO
HOME OCCUPATIONS**

BE IT ENACTED by the Town Board of the Town of Newburgh as follows:

SECTION 1 – TITLE

This Local Law shall be referred to as "A Local Law Amending Chapter 185 entitled 'Zoning' of the Code of the Town of Newburgh to Establish Supplementary Regulations Applicable to Home Occupations".

SECTION 2 – PURPOSE AND INTENT

The Town Board of the Town of Newburgh declares its intent to amend the Town of Newburgh Zoning Code in order to clearly prohibit accessory home occupation activities outside of dwellings so that such accessory uses are restricted to uses within dwellings. In that regard, the Town Board finds that certain uses cannot be conducted solely within dwellings as currently required by the Zoning Code and are accordingly to be explicitly prohibited. Additionally, the Town Board finds that certain activities that may be associated with home occupations will have detrimental impacts on neighboring residences and residential neighborhoods and accordingly supplemental regulations of home occupations are needed.

SECTION 3 – AMENDMENTS TO CHAPTER 185

1. Section 185-3 entitled "Definitions; word usage" is hereby amended by revising the definition of "HOME OCCUPATION" as follows:

HOME OCCUPATION

Any gainful occupation or profession customarily conducted within a dwelling by the residents thereof, clearly secondary to the use of the dwelling for living purposes, and which does not change the character of the structure as a residence. Said activity shall not have more than one nonresident employee working on the premises at any one time and shall not occupy more than 1/2 of the ground floor area of the dwelling or its equivalent elsewhere in the dwelling, if so used. Permissible home occupations include, but are not limited to, the following: art studio; dressmaking; offices for a clergyman, lawyer, physician, dentist, architect, engineer, real estate agent or accountant; and teaching, with musical, dancing and other instruction limited to one pupil at a time. However, home occupations shall not be construed to include uses such as the following: clinic or hospital, barbershop or beauty parlor, restaurant, animal hospital, ~~or~~ commercial animal breeding, taxi service or yard and in residential zones, uses which entail the outdoor use, maintenance, servicing, testing, cleaning, repair, loading, unloading or storage of outdoor machinery, motor equipment or commercial vehicles or outdoor work activities conducted on the property containing the dwelling.

2. A new Section 185-48.6 entitled "Home Occupations" is hereby added to Chapter 185 to read as follows:

"§ 185-48.6 Home Occupations

A. Findings. The Town of Newburgh permits customary Home Occupations to be conducted as accessory uses in dwellings subject to special permit in each of its residential districts and in the B (Business) district. The Town Board of the Town of Newburgh finds that certain occupations, which potentially could be conducted in dwellings, are detrimental to residential neighborhoods and accordingly are specifically prohibited. The Town Board of the Town of Newburgh additionally finds that occupations which require the use of outdoor motor equipment, machinery or vehicles or which involve outdoor on-premise work activities or outdoor storage upon the property occupied by the subject dwelling are also detrimental to residential neighborhoods as a result of noise, traffic on residential streets, emissions and related impacts, and accordingly the presence of such equipment, machinery and vehicles and such outdoor work activities should not be permitted on the property located in a residential zone in conjunction with Home Occupations.

B. Purposes. Home Occupations are permitted subject to special permit in recognition that certain occupations and professions have been customarily conducted within dwellings by residents without changing the character of the structure as a residence or the property occupied by the structure. A Home Occupation will change the residential character of the structure and the property it occupies, however, if it is not confined to the interior of the dwelling or if the presence of non-residential employees is not limited. If an occupation which commences as a Home Occupation prospers and grows to a point where it is a business with more than one nonresident employee, then it should no longer be conducted as a Home Occupation. It is accordingly appropriate that the Zoning Board of Appeals require as a condition of the granting of all Home Occupation special permits that the permit be for a finite time period and subject to application by the applicant at the stated interval for renewal following review and hearing by the Zoning Board of Appeals.

Certain occupations due to the traffic they generate, noise or odor impacts are detrimental to neighboring residential properties or neighborhoods. Certain occupations which have indoor office components but also entail the use, maintenance, storage, testing, cleaning, repair, loading or unloading of outdoor machinery, motor equipment or commercial vehicles or outdoor work activities, to the extent such activities are conducted upon the property occupied by the dwelling, also have detrimental impacts to neighboring residential properties and neighborhoods.

The purpose of this section is to establish regulations for Home Occupations so that they do not have detrimental impacts on neighboring residences and residential neighborhoods and to specifically prohibit certain uses and activities as home occupations in residential zones in order to preserve the character of residential neighborhoods.

C. No more than one nonresident employee, associate, assistant or intern shall work on the premises at any one time. The nonresident employee's, associate's, assistant's or intern's work activities shall be confined to space within the dwelling. The nonresident employee, associate, assistant or intern shall not engage in outdoor work activities. No additional nonresident employees, associates, assistants or interns shall report to the property for any purpose, including but not limited to transportation to off site work premises, conferences, training or testing.

F. The following are prohibited as home occupations:

1. clinic;
2. hospital;
3. barbershop;
4. beauty parlor;
5. restaurant;
6. animal hospital;
7. commercial animal breeding;
8. uses in residential zones which include the outdoor use, maintenance, servicing testing, cleaning, repair, loading, unloading, or storage of outdoor machinery, motor equipment or commercial vehicles;
9. uses in residential zones which include outdoor work activities conducted on the property containing the dwelling; and
10. taxi or ambulance service or yard.

Any such use which has previously received a special permit from the Zoning Board of Appeals or existed prior to prohibition in the Zoning Code shall be deemed nonconforming.

- G. No outdoor machinery, motor equipment or commercial vehicular maintenance, service, testing, cleaning or repair, nor the loading and unloading of motor equipment in conjunction with a Home Occupation shall be conducted on the residential premises of the Home Occupation in residential zones, except inside a building on the premises.
- H. No commercial vehicle, trailer or motor equipment parking, storage, loading or unloading in conjunction with the Home Occupation shall take place outdoors on the residential premises of a Home Occupation in a residential zone, except for the parking of one vehicle as permitted pursuant to § 185-13E. Home occupations shall provide off-street parking for any and all anticipated increases in vehicles at the premises above and beyond the parking already required. Off-street parking required for the home occupation shall not be located in a front yard.
- I. Delivery and pickup of material or commodities to and from the residential premises of a Home Occupation in a residential zone by a commercial vehicle shall not exceed 20 vehicle trips per week.
- J. The Home Occupation shall not use, store, produce or dispose of any toxic or hazardous material.
- K. The Home Occupation in a residential zone shall not produce any odor, noise, vibration, smoke, dust, heat, or glare discernible at the property line.
- L. No outdoor display of goods other than agricultural food products or outdoor storage of goods, equipment, containers or material used in the Home Occupation shall be permitted in a residential zone.
- M. Home Occupations shall be limited to one per lot.
- N. When applicable, the building construction classification and fire separations for the building shall comply with the applicable fire and building safety requirements of the

Town for mixed use of residential and the applicable nonresidential use classification of such Home Occupation and shall be certified by the Building Inspector.

- O. No unlawful use of a building or structure or lot for a Home Occupation existing at the effective date of the local law enacting this Section shall be deemed to be a nonconforming use.”

SECTION 4 – AMORTIZATION OF NONCONFORMING ACCESSORY HOME OCCUPATION USES

A. Notwithstanding Section 185-19 of the Town Code the following applies to Home Occupations rendered nonconforming by this Local Law

- (1) The Town Board finds that certain Home Occupations adjacent to and abutting other residential properties in residential districts adversely impact neighborhoods' quality of life, through outdoor work activities which produce noise, traffic on residential streets, emissions and related impacts on neighboring properties that cannot be eliminated without a cessation of such outdoor work activities. Such activities include outdoor equipment or vehicular and motor equipment maintenance, service, testing, cleaning and repair, the loading and unloading of equipment from vehicles or trailers and the storage, parking, starting, stopping and idling of more than one vehicle or motor equipment.
- (2) The Town Board further finds that the continued operation of Home Occupations which include outdoor work activities in residential districts and are rendered nonconforming by this Local Law will adversely affect the health, safety and welfare of the residents of the Town in general and the neighboring and nearby residences in particular and that their continued operation will likely adversely affect neighboring property values.
- (3) Based upon the foregoing findings, the Town Board has determined that in order to preserve and protect the health safety and welfare of the residents of the Town, and to preserve and protect the property values in the Town the continued use of residential properties for nonconforming Home Occupations in residential zones which entail the outdoor use, maintenance, servicing testing, cleaning, repair, loading, unloading, or storage of outdoor machinery, motor equipment or commercial vehicles or other outdoor work activities should be discontinued and that said operation should be terminated upon the following provisions.

B. Termination.

- (1) The right to operate and maintain a nonconforming Home Occupation in a residential zone which entails the outdoor use, maintenance, servicing testing, cleaning, repair, loading,

unloading, or storage of outdoor machinery, motor equipment or commercial vehicles or other outdoor work activities conducted on the property containing the dwelling, where the property is adjacent to and abutting other residential property shall terminate one (1) year from the date this Local Law is adopted unless, within the time specified, the owner or mortgagee or both appeal to the Zoning Board of Appeals and the Zoning Board of Appeals by decision and resolution extends the termination date for an additional period of time not to exceed two (2) years from the date this Local Law is adopted.

- (2) In the event that an appeal is taken to a court of competent jurisdiction from any of the provisions of this amortization section or from any decision of the Zoning Board of Appeals, the period of termination set forth above shall continue to run during said appeal.
- (3) In the event the owner permanently ceases the outdoor use, maintenance, servicing testing, cleaning, repair, loading, unloading, or storage of outdoor machinery, motor equipment or commercial vehicles and other outdoor work activities, the nonconforming Home Occupation may continue in accordance with §185-19A following the expiration of the periods set forth above.

C. Notice of termination.

- (1) Upon the adoption of this Local Law, the Building Inspector shall serve a notice of termination upon the owners of the real property and the mortgagee, if any, of any mortgage on real property, notifying them that the operation of the nonconforming Home Occupation shall terminate on the date specified in the notice. The notice shall further state that the owner or mortgagee, or both, may, within 60 days of the date the notice is served, file an application with the Zoning Board of Appeals for an extension of the termination date.
- (2) If no such application is filed within the time set forth herein, it shall be presumptive proof that the termination date set forth in said notice is reasonable and that the nonconforming Home Occupation has been fully amortized, and the use shall terminate on the date specified in the notice.
- (3) The notice of termination shall be sent by certified mail, return receipt requested, to the owner of the real property at the address set forth on the most recent tax rolls of the Town and to any mortgagee at the address set forth on any recorded mortgage.
- (4) In the event that the certified letter is not accepted by the owner, the posting of a copy of the notice on the property and the mailing of a copy by regular mail to the owner's address shall be deemed sufficient notice.

D. Hearing.

- (1) Upon the filing of an application, the Zoning Board of Appeals shall schedule and notice a public hearing to determine the termination date.
- (2) The Zoning Board of Appeals shall be entitled to retain such experts and others it deems necessary to assist it in its review in accordance with the provisions of Chapter 104.
- (3) The applicant shall have the burden of establishing the right to continue the operation of the home occupation beyond the date set forth in the termination notice.
- (4) The Zoning Board of Appeals shall consider the following factors, among others, in making its determination:

[a] The value of the land without the buildings, fixed equipment, fixed structures and other fixed capital improvements existing on the property and used in the operation of the nonconforming Home Occupation, excluding the dwelling, as of the date it was acquired by the present owner.

[b] The value of all the buildings, fixed equipment, fixed structures and other fixed capital improvements existing on the property and used in the operation of the nonconforming Home Occupation excluding the dwelling as of the date the Home Occupation became a nonconforming use.

[c] The value of all the buildings, fixed equipment, fixed structures and other fixed capital improvements used for the nonconforming Home Occupation, excluding the dwelling, as of the date the present owner acquired the property.

[d] The value of all buildings, fixed equipment, fixed structures and other fixed capital improvements used for the nonconforming Home Occupation that were added pursuant to a valid building permit subsequent to the date the present owner acquired the property.

[e] The value of all additions, modifications and alterations made to buildings, fixed equipment, fixed structures and other fixed capital improvements used for the nonconforming Home Occupation that were added pursuant to a valid building permit subsequent to the date the present owner acquired the property.

[f] The depreciation of buildings, fixed equipment, fixed structures and other fixed capital improvements used in the nonconforming Home Occupation taken for income tax purposes by the present owner.

[g] The effect the operation of the nonconforming Home Occupation has upon property values in the area.

[h] The character of the neighborhood.

[i] The environmental effects the nonconforming Home Occupation has upon the neighborhood.

E. Standing. Any resident of the Town and the Town Board shall have the standing and the right to intervene in any hearing before the Zoning Board of Appeals.

SECTION 5 – VALIDITY

If any word, clause, sentence, paragraph, section or part of this local law or the application thereof to any person or circumstance shall be adjudged by any court of competent jurisdiction to be unconstitutional, illegal or invalid, such judgment shall not affect, impair or invalidate the remainder thereof or the application thereof to any other persons or circumstances but shall be confined in its operation to the clause, sentence, paragraph, word, section or part thereof directly involved in the controversy in which such judgment shall have been rendered. The Town Board hereby declares that it would have enacted this Local Law or the remainder thereof if the invalidity of such provision or application thereof had been apparent.

SECTION 6 – EFFECTIVE DATE

This Local Law shall take effect immediately when it is filed in the Office of the New York State Secretary of State in accordance with Section 27 of the Municipal Home Rule Law.

Further, the arrangement, location and width of streets, their relation to the topography of the land, water supply, sewage disposal, drainage, lot sizes and arrangement, the possible future development of adjoining land as yet un-subdivided are all appropriate and consistent with the requirements of the master plan, the official map, Article I of the Town of Newburgh Subdivision Regulations and applicable zoning regulations, subject to compliance in full with conditions hereinafter imposed.

Resolution of Approval

NOW, THEREFORE, THE PLANNING BOARD RESOLVES to approve the preliminary subdivision application of 84 Realty, LLC as said proposal is depicted on the plans identified above and upon the conditions outlined below, and the Chairperson (or his designee) is authorized to sign the plat upon satisfaction of those conditions below noted to be conditions precedent to such signing.

Conditions to be Satisfied Before Final Approval

1. The final subdivision submission must address all of the outstanding issues raised in the various memos (both past and future) of the Town Engineer.
2. The final subdivision submission must address all of the outstanding issues raised in the various memos (both past and future) of the Planning Board Engineer as well as the applicant's commitment to re-grade an area along Patton Road to correct a periodic ponding condition there.
3. This approval is subject to and conditioned upon delivery of written approval by the Orange County Department of Health [realty subdivision approval and water main extension] and the New York State Department of Environmental Conservation [sewer main extension].
4. This approval is conditioned upon the Town Board creating a drainage district and upon acceptance of dedication of the retention/detention ponds and drainage structures proposed to be offered for dedication to the Town. The applicant shall appear before the town board and request delivery of a report to the planning board expressing its willingness and comments on the concept of creating such district. The plat will not be signed or

released for filing, however, until such district is created. In the event the Town is unwilling to accept such facilities for dedication, an alternative mechanism, satisfactory to the Planning Board, providing for future maintenance of those facilities shall be proposed.

- 5. This approval is subject to review and approval of the proposed roadway interconnections and driveway locations by the Town of Newburgh Highway Superintendent in substantially the same location and configuration as shown on the plans.
- 6. The final plans must show the required number of street trees spaced in a pattern satisfactory to the Planning Board and its consultants.
- 7. This approval is conditioned upon the Town Board approving the names of the roadways in this subdivision.
- 8. This approval is conditioned upon the applicant obtaining approval of the City of Newburgh and the Newburgh Town Board to supply sewer service to the project and entering into an out-of-district user agreement with the town board implementing that approval.

Specific Conditions

- 9. The proposed houses shown on the plat depict construction at or very near the edge of the allowable building envelope for these lots. Therefore, the possibility of mis-location of a foundation in the field resulting in nonconformity is extremely high. In order to minimize this possibility the applicant has agreed that a survey of the proposed foundation stakes in the field shall be conducted and a copy delivered to the building de-

partment before any excavation or pouring of concrete is conducted. This offer is hereby made a specific condition of this approval.

- 10. This subdivision contains more than ten lots and requires architectural review board approval. However, the applicant has no specific housing designs in mind at this time. Section 185-59 (E) of the Code of Ordinances of the Town of Newburgh provides, in such cases, that ARB-review may be deferred until building permit application, and that the Building Department is empowered, at that time, to refer any building permit application to the Planning Board for ARB approval if the specific proposal for that lot does not meet the requirements and the specific criteria of §185-59 (E). Therefore, no building permit shall be issued for any lot not meeting the requirements and the specific criteria of §185-59 (E) of the Code.

Landscape Security & Inspection Fee

- 11. Pursuant to 185-57 (L), together with 163-9 (B) [incorporated therein by reference], as well as 185-50 (D), this approval shall be subject to the applicant posting, with the Town Clerk, a performance security, in an amount to be fixed by the town board upon recommendation of the town's landscape consultant in order to secure timely completion and appropriate maintenance of the landscaping improvements depicted on the plans, satisfactory to the Town Board, Town Engineer and Town Attorney as to form, sufficiency, manner of execution and surety. The performance security shall recite that all improvements secured thereby shall be completed within three year(s) of this approval and maintained for a period of two years thereafter. The Town's Landscape Architect, is hereby authorized to periodically inspect the site in order to insure compliance with this condi-

tion. A separate inspection fee in an amount in accordance with Section 104-2 (G)(6) shall be submitted and deposited in an escrow account to cover the cost of the Town's Landscape Architect services. The applicant shall be required to pay the required landscaping security to the town before the plans are signed. The amount of the landscape security may be adjusted (upon recommendation of the Town's landscape consultant) if warranted due to changes in the market pricing of the required landscape materials. The applicant shall be required to pay the required landscaping inspection fee in the amount of \$2,000 to the town before the plans are signed.

Stormwater Improvement Security & Inspection Fee

12. Prior to the signing of plans or issuance of a building permit, the applicant shall deliver a performance security to the Town Clerk, pursuant to Section 157-10 (B) of the Code of Ordinances of the Town of Newburgh, in order to guarantee to the town that the applicant will faithfully cause to be constructed and completed the required public stormwater improvements shown on the plans. The performance security shall be in an amount set by the Town Board and shall be satisfactory to the Town Board and Town Attorney as to form, sufficiency, manner of execution and surety. A period of three (3) years shall be set forth in the document of surety within which required improvements must be completed. An inspection fee in an amount in accordance with Section 104-2 (A)(8) shall also be paid to the Town prior to signing of the plans. A separate inspection fee in an amount in accordance with Section 104-2 (A)(8) shall also be submitted and deposited in an escrow account to cover the cost of the Town's periodic inspection of the erosion control measures to be implemented by the applicant.

- 13. This approval is conditioned upon the applicant executing a stormwater control facility maintenance agreement as required by Section 157-11(K) of the Code of the Town of Newburgh in order to ensure the long term maintenance and proper operation of the stormwater facilities shown on the plans. The plans shall not be signed until that agreement has been executed.
- Stormwater Improvement Security & Inspection Fee

Water Main Extension Security & Inspection Fee

- 14. Prior to the signing of plans or issuance of a building permit, the applicant shall deliver a performance security to the Town Clerk, pursuant to Sections 179-32 (I) and 163-9 of the Code of Ordinances of the Town of Newburgh, in order to guarantee to the town that the applicant will faithfully cause to be constructed and completed the required public water system improvements. The performance security shall be in an amount set by the Town Board and shall be satisfactory to the Town Board and Town Attorney as to form, sufficiency, manner of execution and surety. It shall be in an amount sufficient to cover the entire cost of the water system as shown on the approved plans. An inspection fee in an amount in accordance with Section 104-2 (A)(8) shall also be paid to the Town prior to signing of the plans.

Sewer Main Extension Security & Inspection Fee

- 15. Prior to the signing of plans or issuance of a building permit, the applicant shall deliver a performance security to the Town Clerk, pursuant to Section 163-9 of the Code of Ordinances of the Town of Newburgh, in order to guarantee to the town that the applicant will faithfully cause to be constructed and completed the required sewer main extension improvements. The performance security shall be in an amount set by the Town

Board and shall be satisfactory to the Town Board and Town Attorney as to form, sufficiency, manner of execution and surety. It shall be in an amount sufficient to cover the entire cost of the sewer main extension as shown on the approved plans. An inspection fee in an amount in accordance with Section 104-2 (A)(8) shall also be paid to the Town prior to signing of the plans.

Town Road Security & Inspection Fee

16. Prior to the signing of the plat or issuance of a building permit, the applicant shall deliver a performance and maintenance security to the Town Clerk, pursuant to Section 161-41 (B) & (C) of the Code of Ordinances of the Town of Newburgh, in order to guarantee to the town that the subdivider will faithfully cause to be constructed and completed within a reasonable term the roads proposed to be offered to the town (together with all related improvements [161-41 (A)]) and convey the required lands and improvements to the town free and clear of encumbrances. The security shall be in an amount set by the Town Board and shall be satisfactory to the Town Board and Town Attorney as to form, sufficiency, manner of execution and surety. An inspection fee in an amount in accordance with Section 104-2 (A)(8) shall also be paid to the Town prior to signing of the plans.

Offers of Dedication

17. Before signing of the final plat or plans, the applicant shall deliver appropriate offer(s) of dedication, in duplicate, executed and acknowledged by the owner of the property affected, in form suitable for filing in the Orange County Clerk's Office and the Town Clerk's Office for all such lands as are shown on the plans to be so offered. The offer shall include a metes and

bounds description of said parcel(s). The documents shall be in form suitable for recording and shall be satisfactory to the Town Attorney.

Bayswater Findings

18. The Planning Board has determined, based upon the present and anticipated future need for park and recreational facilities in the Town [as calculated from projected population growth to which this subdivision will contribute], that parklands should be created as a condition of approval of this subdivision. However, because parks of size adequate to meet the Town's requirements cannot be properly located on the subdivision plat, the Planning Board, pursuant to Section 163-20 (F) of the Subdivision Regulations of the Town of Newburgh, and Section 277 (4) of the Town Law of the State of New York, requires that the applicant deliver payment, by cashier's check or certified check drawn to the order of the Town of Newburgh, a fee of \$2,000 for each lot created in this subdivision, bringing the total due to \$32,000 (see Chapter 104, Fees [§104-2 (A)(9)]). Said sum shall be paid to the Town in full before the plans are signed.

General Conditions

Final approval will be conditioned upon the applicant submitting all necessary copies of the plans to be signed, including mylars when required, to the Town of Newburgh Building Department. A full set of the plans to be signed shall simultaneously be submitted to the Planning Board Engineer. The plans shall not be signed until the Planning Board Engineer has reported to the Chair that all conditions of this resolution required to be satisfied before the plans can be signed have, in fact, been satisfied.

Final approval will be further conditioned upon the applicant delivering (prior to signing of the plat) proof, in writing, that all fees—engineering, planning, legal and otherwise—in regard to this project have been fully paid. The applicant shall also be required to deliver proof that all required Public Improvement, Erosion Control and Landscaping inspection fees and escrow have been deposited with the Town. The plat shall not be signed until proof, satisfactory to the Chair, has been presented showing that all such fees have been paid and escrow deposits made.

A FAILURE to comply with the general conditions immediately above in a timely manner shall result, without further action, in a lapsing of this approval.

RE: Interfund Transfer

In December 2013, we closed the Highway HVAC capital project that had unspent bond proceeds from a 2005 bond in the amount of \$30,084.82. We also closed the Grand Avenue North capital project which had unspent bond proceeds from a 2005 bond in the amount of \$19,595.33. Upon closing the projects, the unspent proceeds transferred to our Debt Service Fund.

The principal and interest payments for these two bonds for 2014 amount to \$38,400 and \$39,600, respectively. Please approve an Interfund Transfer of \$49,687.32 plus all earned interest to the General and Highway funds to be used to pay the 2014 principal and interest payments on the 2005 bond from the Debt Service.

Subject: Full Time Officer

Date: January 21, 2014

In a meeting with Board Members on January 15th, the Board approved calling for the Civil Service list for a full-time police officer position. As mentioned at that time, one of our part-time officers, Janine Johnson, is currently the top candidate on the list. She has been doing very well with the part-time position. She had been interviewed in the Fall by several Board members when we were filling two other full-time positions. In addition, she had a physical exam and a psychological exam prior to starting work as a part-timer in early December.

Personnel Director Charlene Black has informed me that, according to Civil Service, there is no need to call for the Civil Service list since Ms. Johnson is already working for the Town Police.

I am requesting that the Board approve Ms. Johnson for the full-time position at the January 29th Work Session. She could start full-time in the next pay period which starts January 30th.

Thank you for your time and consideration in this matter..

		connections deliver better picture quality than any other type of analog connection (RF, composite video and S-video) and are the only analog connections that support high-definition signals.
Composite Inputs	1	Standard video connections that deliver brightness and color information together. Composite video connections provide better picture quality than RF connections but not as good as S-video, component video, DVI and HDMI connections.
Media Card Slot	No	Slot designed to accept 1 or more types of media card (aka, memory card), such as Secure Digital or CompactFlash. A device with a media card slot can access and/or store photos, audio, video and/or other files on a compatible media card.

Dear Town Supervisors:

**RE: 2014 ANNUAL DUES AND
2014 ORANGE COUNTY HOSPITALITY SUITE
ASSOCIATION OF TOWNS CONFERENCE
FEBRUARY 16 - 19, 2014**

Enclosed please find a voucher for your Town's 2014 Annual Dues as well as an assessment that will be used to help defray the cost of the Orange County Hospitality Suite at the Association of Towns of State of New York's Training School and Annual Meeting in February.

This year the Hospitality Suite will be located in the *MICHELANGELO HOTEL*, 152 West 51st Street, NY, NY.

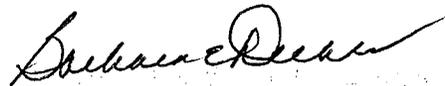

Bill Cummings, the Suite Coordinator, has arranged it so that reservations for the Michelangelo Hotel can be made through our County Association. It is important to book your reservation through our Association because we must guarantee the hotel a certain number of rooms in order to be able to afford to continue to offer the amenities and maintain the Hospitality Suite as we have in the past. If reservation sheet is needed please contact me via email.

Our Association sponsors the Orange County Hospitality Suite every year during the Association of Towns of the State of New York Conference in New York City. Each town is assessed \$250.00 and we have sponsors who contribute \$550.00 each. If you know of anyone who would like to participate as a sponsor, please have them contact me

The suite will be open, at no additional charge, to all officials and/or employees who attend from your Town beginning on Sunday afternoon at approximately 2:00 P.M. Amenities at the Suite include lunch on Monday & Tuesday, and refreshments will be available on Sunday, Monday and Tuesday evenings. This has proven to be a great place to meet friends, sponsors and network with other Town Officials from Orange County during lunch as well as in the evening.

If you have any questions, please do not hesitate to give me a call.

Sincerely,

Barbara E. Decker
Secretary
